

AZERA

Eyes of envy.

The new Azera is a magnet for envious eyes who recognize that this is an extraordinary sedan reserved for the few. Exclusiveness begins with radical modern styling that radiates Sensuous Sportiness, Hyundai's design identity. The new Azera also comes equipped with SmartSense, Hyundai's most advanced safety technologies. Loaded with intuitive features that heighten comfort and convenience and delivering powerful driving dynamics, the new Azera is truly in a class above the rest. It genuinely deserves its title as the flagship sedan of the Hyundai brand.

Ultimate premium evokes admiration.

The new Azera's bold, sensuous design sets it apart from the crowd in a field of lookalikes. Just like you, the new Azera dares to be unique with a style that commands attention, but its appeal is more than skin-deep. Look beyond the elegant design and you'll discover a car brimming with cutting-edge technological innovations.

Curb appeal comes standard; the new Azera turns heads everywhere it goes. Crisp lines and sophisticated design details make it more than the sum of its parts. With its captivating sense of multi-dimensional volume, the elegantly-trimmed C pillar and rear fender define the new Azera's sporty, energetic character.

Progressively premium.

The new Azera is a statement of your confidence and your achievements. Drive it and you'll immediately notice it's a cut above the rest in terms of design and technology.

Parametric jewels reflect your success.

It only takes one look at the new Azera to see it is truly exceptional. Its wide, eye-catching grille has jewel-like inserts and dapper chromed accents. It's flanked by distinctively-shaped LED headlights that illuminate the night with their unique geometric pattern. They provide the crowning touch of perfection.

Integrated parametric jeweled grille

LED headlamps / Daytime running lights

Make first-class the norm.

Traveling in first-class shouldn't be a rare occasion. With the new Azera, you're confirmed for first-class travel all the way, every day. The premium experience begins when you approach the car and the new Azera automatically lights up to signal it's ready; The gently-arched rear LED lights notably create a distinctive signature befitting of something special. Once inside, you can adjust the 64-color ambient lighting to best suit your mood.

64-Color ambient mood lamp

Step inside the new Azera to discover an abundance of space, the luxury prized above all others by first-class travelers. Graceful lines, tasteful color combination, and soft-touch materials create a soothing ambiance complemented by intuitive high-tech equipment. Meticulous perfection permeates every detail to ensure you'll reach your destination recharged and refreshed.

Touch-screen climate controller

Ready to step in.

Driving requires constant vigilance, but the new Azera is always ready to intervene if you need it to. Its advanced driving aids work non-stop to make you a better, safer driver. These technologies continuously scan the car's surroundings with utmost precision to make every trip safe and relaxing.

Meet your driving assistant.

The new Azera is more than a car; It's your personal driving assistant. Innovative safety assistance systems take some of the stress out of driving by looking for signs of potential trouble. For example, the new Back-up guide lamps light up your intended path of travel to show pedestrians where you're going when you're backing up. It's simple but effective.

Back-up guide lamp

Absolute relaxation comes standard.

Beauty, high functionality, and simplicity rule inside the cabin to ensure hand and eye movements are kept to a minimum. Comfort and convenience amenities are ergonomically placed to anticipate every need and want so that driving the new Azera becomes the best part of your day.

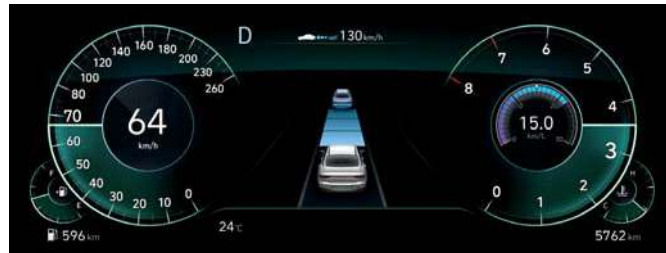

12.3" LCD touchscreen system

Wireless charging pad
Integrated memory system

Surround View Monitor

12.3" Full LCD cluster (with Comfort, Eco and Sport driving modes)

Digital gauges deliver maximum engagement.

The digital, configurable 12.3-inch full LCD cluster makes driving safer and more engaging by letting you choose the information displayed behind the steering wheel. Key data like the new Azera's speed and turn-by-turn navigation directions is also shown in the head-up display, so you can drive without distractions by keeping your eyes on the road at all times. Sometimes, innovation is better defined by what you don't see. The new Azera's shift-by-wire technology eliminates the bulky gear selector and replaces it with a subtle, space-saving cluster of buttons. Selecting a gear requires only a light touch.

Shift-by-wire automatic transmission

Head-up display

Trust your invisible co-pilot.

Like an invisible co-pilot, the new Azera's advanced suite of sensor-based electronic driving aids continuously scans your surroundings. The system can detect a hazardous situation before you notice it and act accordingly. These driving aids are completely unobtrusive but they're ready to act when needed.

Blind-Spot View Monitor

Looking out for you.

Azera's advanced safety assistance systems will stop you from having a bad day. Features like Blind-Spot Collision-Warning and Safe Exit Assist are constantly looking out for signs of trouble so you can continue enjoying your drive with complete peace of mind.

Blind-Spot Collision-Warning

BCW continuously monitors the blind spot and on sensing the presence of a vehicle, it will display a real-time video image on the center gauge cluster to alert you of the danger.

Electronic child lock and Safe Exit Assist

When SEA radar detects a vehicle approaching from behind it will prevent the opening of the rear door by back seat passengers. To alert the driver to the danger, a pop-up message will flash on the center gauge cluster and an audible alarm will sound.
